Further as on the date of results, the Company was in advance stage of discussion for monetization of these properties of its Subsidiaries. The Board of Directors are confident of disposing these assets and repaying the pending dues. However, based on expected credit losses as prescribed under Ind AS as against the incurred loss model envisaged under earlier GAAP, a sum of ₹8,400.77 lakhs has been provided upto March 31, 2021.
- 6 During the quarter ended June 30, 2018, Company Bankers - Axis Bank had assigned its total debts due (excluding the Bank Guarantee Limits) in the Company and one of its subsidiary, Kelbuzz Trading Private Limited along with the underlying financial documents together with rights, benefits and obligations' there under to Asset Reconstruction Company (India) Ltd (ARCIL). During the quarter ended September 30, 2019, the Company has received the final Term Sheet based on which the necessary entries have been passed in the books of account and net benefit on account of such assignment has been shown under Exceptional Items of ₹ 471 Lakhs in Standalone and ₹ 982 in Consolidated Financial results.
- 7(a) In case of Consolidated audited financial results - Confirmation of balances from customers are awaited in certain cases. Accounts with certain parties are under review and reconciliation. Provision has been made to the extent required and further adjustments if any, will be made on completion of review/reconciliation. The debts exceeding two years and considered good of recovery by the management is estimated at Rs.2,459 lakhs.

- 7(b) The net worth (after excluding revaluation reserve) of the group in terms of the consolidated financial statements as at March 31, 2021 consisting of the Company, its subsidiaries and its associate is eroded. There were certain overdues in respect of banks and creditors. The Company and its components have initiated several measures like active steps being taken for disposal of non-core assets, arrangement under JLF mechanism for restructuring of dues to banks, sanction of further non-fund based limits by banks, infusion of capital by the promoters, rationalization of operations, introduction of value added products, push for sales, optimization in product mix and enhanced contribution, capital raising plans etc. The Company is in advanced stage of negotiation for funding arrangements with various parties which will improve the performance in the forthcoming periods. The Company is confident that this funding arrangement will have a positive impact on the net worth of the Company. Accordingly, your directors have prepared these financial results of the Company on the basis that it is a going concern and that no adjustments are considered necessary to the carrying value of assets and liabilities.
- 8 The Company has filed before the honorable Supreme Court, special leave petition (SLP) in respect of resale tax penalty demand of ₹527 lakhs on its erstwhile subsidiary Kaytee Switchgear Limited (since merged with the parent company) and confirmed by the honorable High Court of Karnataka. This SLP has been admitted by the honorable Supreme Court. The Company believes based on legal advice / internal assessment that the outcome of the contingency will be favorable, that loss is not probable and no provision is required to be recognized in this respect.
- 9 The company has assessed the impact that may result from this pandemic on its liquidity position, carrying amounts of receivables, inventories, tangible and intangible assets, investments and other assets/ liabilities. In developing the assumptions relating to the possible future uncertainties in the global economic conditions because of the pandemic, the company considered internal and external information available till the date of approval of these financial results and has assessed this situation.
In that context and based on the current estimates, the company believes that COVID-19 is not likely to have any further impact on its financial statements, liquidity or ability to service its debt or other obligations. However, the overall economic environment, being uncertain due to COVID-19, may affect the underlying assumptions and estimates in future, which may differ from those considered as at date of approval of these financial statements. The company would closely monitor such developments in future economic conditions and consider their impact on the financial statements of the relevant period.
- 10 Transition to Ind AS -116 - Leases - Effective April 1, 2019, the Company has adopted Ind AS 116, 'Leases'. Ind AS 116 introduces a single lease accounting model and requires a lessee to recognise Right-of-Use assets and lease liabilities for all leases with a term of more than twelve months, unless the underlying asset is of a low value. The Company has used the 'modified retrospective approach' for transition from the previous standard- Ind AS 17, and consequently, comparatives for previous periods have not been retrospectively adjusted. On transition, the Company records the lease liability at the present value of future lease payments discounted using the incremental borrowing rate and has also chosen the practical expedient provided in the standard to measure the right-of-use at the same value as the lease liability. The effect of Ind AS 116 on profit/(loss) for the current quarter ended March 31, 2021 is not material.
- 11 Other Income for the year ended March 31, 2020 in Consolidated Financial results includes the profit on sale of properties of the Company situated at Kuvempu Nagar, Jayanagar and Belawadi Industrial Area at Mysore. Consequently, major part of the sale proceeds have been utilised towards the repayment of the financial dues to the banks and financial institutions.
- 12 In the month of February 2020, Company had applied with Ministry of Company Affairs ("MCA") for closure of two of its wholly owned subsidiaries, Kesvik Developers Private Limited and Swaki Habitat Private Limited, as there were no operations done in these subsidiaries. Accordingly, the investments in the above mentioned subsidiaries were written off in the books of account during the quarter ended September 30, 2020. Further, the Company has received the order of Strike off from MCA on November 16, 2020.
- 13 The figures for the quarter ended March 31, 2021 are the balancing figures between the audited figures in respect of the full year ended March 31, 2021 and nine months ended December 31, 2020.
